

U.S. DISTRICT COURT - N.D. OF N.Y.
FILED
JUNE 15, 2006
LAWRENCE K. BAERMAN, CLERK

GENERAL ORDER #22

ADMINISTRATIVE PROCEDURES FOR ELECTRONIC CASE FILING

Norman A. Mordue
Chief United States District Court Judge

DATED: June 15, 2006

**THE NORTHERN DISTRICT OF NEW YORK'S
ADMINISTRATIVE PROCEDURES FOR ELECTRONIC CASE FILING**

1. Definitions.

- 1.1 “All documents” means all documents traditionally filed with the Court excluding the hearing record in social security appeals and state court records submitted with a respondent’s answer to a habeas corpus petition.
- 1.2 “Traditionally Filed Document” means a document or pleading presented to the Court for filing in paper or other non-electronic, tangible format.
- 1.3 “Electronic Filing” means uploading a pleading or document directly from the Filing User’s computer using the Court’s Internet-based Electronic Filing System (the “System”) to file that pleading or document in the Court’s case file.
- 1.4 “Filing User” is an individual who has a court-issued login and password to file documents electronically.
- 1.5 “Notice of Electronic Filing” means the notice that the System generates that establishes the electronic receipt of a document filed electronically with the System.
- 1.6 “Portable Document Format” or “.pdf format” means a type of document formatting that can be created with almost any word processing program. Scanned documents can also be converted to .pdf format. For information on converting word processing documents into .pdf text documents, users should visit the Court’s web page at www.nynd.uscourts.gov or the websites of .pdf vendors such as <http://www.adobe.com/products/acrobat> or <http://www.fineprint.com/>.
- 1.7 “.pdf scanned document” means a document converted into .pdf format by means of a document scanner. “.pdf scanned documents” differ from “.pdf text documents” in that “.pdf scanned documents” are essentially pictures of the original documents and do not allow for text searches within those documents.
- 1.8 “.pdf text document” means a document converted from a word processing program (e.g., WordPerfect, Microsoft Word) directly into .pdf format without the use of a scanner. A “.pdf text document” is the preferred format for filing documents with the Court because a “.pdf text document” is considerably smaller in size and allows for text searches within that document.

2. Scope of Electronic Filing.

After January 1, 2004, all documents that attorneys admitted to practice in the Northern District of New York submit for filing shall be filed electronically using the System or shall be scanned and uploaded to the System, **no matter when a case was originally filed**, unless these Administrative Procedures otherwise permit or unless the assigned judge otherwise authorizes. An attorney who is not a Filing User by January 1, 2004, must show good cause to the assigned judge to file and serve pleadings and other papers in the traditional manner. If the Court grants permission to file a document traditionally, the attorney must submit the documents for filing to the Clerk's Office on a 3.5" disk or CD-ROM in .pdf format.

2.1 Exceptions and/or Waivers from Mandatory Electronic Filing.

The following types of cases and/or documents **are not** required to be filed electronically:

1. Initial papers commencing an action must be filed in the traditional manner. Documents submitted in this manner must be accompanied by a 3.5" disk or CD-ROM containing the document in .pdf format. In a case removed to this Court, parties are required to provide electronic copies of all documents previously filed in state court.
2. Any document that a party proceeding *pro se* files. (See Section 12.1 for procedural details).
3. Sealed documents, sealed cases, documents for *in camera* review, documents lodged with the Court, ex parte documents, confidential agreements, Qui Tam actions and Grand Jury material and warrants must be filed traditionally. (See Section 12.2 for further information the filing of the above-referenced documents).
4. Social security transcripts. (See Section 11 for procedural details regarding filing papers in social security cases)
5. State court records submitted with a respondent's answer to a habeas corpus petition.
6. Discovery: In accordance with Local Rule 26.2, parties shall not file discovery, provided, however, that discovery material to be used at trial or in support of any motion, including a motion to compel or for summary judgment, shall be filed electronically with the Court prior to the trial or with the motion. Any motion pursuant to Rule 37 of the Federal Rules of Civil Procedure shall be accompanied by the electronically filed discovery materials to which the motion relates if those materials have not previously been filed with the Court.

7. Transport Orders: All orders requesting that an incarcerated individual be transported that a judicial officer of the Northern District of New York signs shall be filed traditionally. These Orders will not be filed with the case or uploaded to the docket but rather will be processed in accordance with the procedures that the Clerk of Court promulgates.

The Court may deviate from these Administrative Procedures in specific cases, without prior notice, if deemed appropriate in the exercise of discretion, considering the need for the just, speedy, and inexpensive determination of matters pending before the Court. The Court may require that courtesy copies of electronically filed documents be submitted for its review and may amend these Administrative Procedures at any time without prior notice. Updates to these Administrative Procedures will be immediately posted to the Court's web page at www.nynd.uscourts.gov.

3. Eligibility, Registration and Passwords.

3.1 Eligibility

An attorney admitted to practice and in good standing in the Northern District of New York must register as a Filing User unless these Administrative Procedures or the assigned judge otherwise authorizes. (See Section 2 for further information). To be in good standing, an attorney must meet the requirements of Local Rule 83.1, including timely payment of the biennial assessment imposed in Local Rule 83.1(a)(5).¹

3.2 Registration

Attorneys meeting the requirements of section 3.1 of this Order and who were admitted to the Northern District of New York **prior to December 1, 2003**, may register for electronic filing via the Court's web page at www.nynd.uscourts.gov/cmecf/.

Attorneys who meet the requirements of section 3.1 of this Order but who were admitted to the Northern District of New York **after December 1, 2003**, will need to complete and conventionally mail an E-filing Registration Form to the Clerk, U.S. District Court, c/o E-filing Registration, James Hanley Federal Building, P.O. Box 7367, 100 South Clinton Street, Syracuse, NY 13261. Copies of the E-Filing Registration Form are available at the Court's web page at www.nynd.uscourts.gov/cmecf/.

To ensure that the Clerk's Office has correctly entered a registering attorney's Internet e-mail address in the System, the Clerk's Office will send the attorney an Internet e-mail message after receiving his or her E-filing Registration Form. Upon confirmation that the e-mail address is valid, the Clerk's Office will transmit the attorney's password to that address. Upon receipt of a password, attorneys have 10 days to activate their CM-ECF account with the Northern District. Detailed instructions on how to activate

¹ L.R. 83.1(a)(5) waives the biennial registration fee for all attorneys employed by federal, state and local public sector entities.

your CM-ECF account can be found on the District's web page at www.nynd.uscourt.gov/cmecf/ under the "Registration" section. **Failure to comply with this requirement may result in the removal from the Northern District Bar.**

If a Filing User's e-mail address, mailing address, telephone or fax number change, they shall immediately update this information within their CM-ECF user account. Detailed instructions are available in the Northern District of New York's CM/ECF Users Manual.

3.3 Passwords.

Upon receiving their initial court-generated password, attorneys are encouraged to select a new password of their own choosing. Please consult the Court's CM/ECF Users Manual for detailed instructions on changing passwords. (See www.nynd.uscourts.gov/cmecf/).

The password permits the attorney to participate in the electronic retrieval and filing of pleadings and other papers. Once registered, the attorney shall be responsible for all documents filed with his or her password. Documents filed under an attorney's login and password shall constitute that attorney's signature for purposes of the Local and Federal Rules of Civil and Criminal Procedure, including but not limited to Rule 11 of the Federal Rules of Civil Procedure.

No attorney shall knowingly permit or cause to permit anyone other than an authorized employee of his or her office to use his or her password. If, at any time, an attorney believes that the security of an existing password has been compromised, the attorney must change his or her password immediately. In addition, the attorney shall immediately notify the Court via e-mail at the following address www.nynd.uscourts.gov of his or her belief that the password has been compromised.

4. Electronic Filing and Service of Documents

4.1 Filing defined.

Electronic transmission of a document to the System in accordance with these Administrative Procedures, together with the transmission of a Notice of Electronic Filing from the Court, constitutes filing of the document for all purposes of the Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure and the Local Rules of this Court and constitutes entry of the document on the docket that the Clerk's Office keeps under Rules 58 and 79 of the Federal Rules of Civil Procedure and Rules 49 and 55 of the Federal Rules of Criminal Procedure. E-mailing a document to the Clerk's Office or to the assigned judge shall not constitute "filing" of the document.

4.2 Complaints.

Currently the Clerk's Office will only accept complaints, civil cover sheets and summonses sent by United States mail or delivered in person to the Clerk's Office. The complaint must be submitted to the Court on a 3.5" disk or CD-ROM as either a .pdf scanned document or a .pdf text document (if possible, the complaint should be a .pdf text document). The Clerk's Office will open the case and upload the complaint to the System.

4.3 Time of Filing.

A document will be deemed timely filed if electronically filed prior to midnight Eastern Time. However, if the time of day is of the essence, the assigned judge may order that the document be filed by a time certain.

4.4 Attachments and Exhibits.

A Filing User must submit in electronic form all documents referenced as exhibits or attachments in accordance with the Court's CM/ECF Users Manual unless the Court otherwise orders. A Filing User shall submit as exhibits or attachments only those excerpts of the referenced documents that are directly germane to the matter under the Court's consideration. Excerpted material must be clearly and prominently identified as such. Filing Users who file excerpts of documents as exhibits or attachments under these Administrative Procedures do so without prejudice to their right to timely file additional excerpts or the complete document. Responding parties may also timely file the complete document or additional excerpts that they believe are directly germane to the matter under the Court's consideration.

All attachments must be described in sufficient detail so the Court and opposing counsel can easily identify and distinguish the filed attachments. Vague or general descriptions are insufficient (i.e. "Exhibit 1"). Rather, each attachment shall have a descriptive title identifying, with specificity, the document that is being filed (i.e. "Exhibit 12 Mulligan County Fire Investigation Report.") Failure to adequately describe attachments may result in the document being rejected by the Court.

4.5 Large Documents.

Due to the length of time it takes to download a large file, documents larger than four megabytes (approximately ninety pages of .pdf scanned documents) must be filed electronically in separate four-megabyte segments. For more information on the electronic filing of large documents, please consult the Court's CM/ECF Users Manual, which is available on the Court's web page at www.nynd.uscourts.gov/cmecf/.

A party who believes a document is too lengthy to electronically image, i.e., "scan," may contact the Clerk's Office for permission to file that document conventionally. If the Clerk's Office grants permission to conventionally file the document, the Filing User shall electronically file a notice of conventional filing for the documents. A form notice for this purpose can be obtained from the Court's web page at www.nynd.uscourts.gov. Exhibits submitted conventionally shall be served on other parties as if they were not subject to these Administrative Procedures. For a list of

hints and tips for scanning large documents, please consult the Court's web page at www.nynd.uscourts.gov.

4.6 Legibility.

It shall be the Filing User's responsibility to verify the legibility of scanned documents before filing them electronically with the Court.

4.7 Color Documents.

Since documents scanned in color or containing a graphic take much longer to upload, Filing Users are encouraged to configure their scanners to scan documents at 200 dpi and preferably in black and white rather than in color. However, should the Filing User elect to file a color document, caution should be taken to ensure that the document does not exceed the size limitation set forth in section 4.5 of this Order.

4.8 Document Retention.

The Filing User shall retain all documents containing original signatures of anyone other than the Filing User for a period of not less than sixty days after all dates for appellate review have expired.

5. Service.

5.1 Service of Process.

Rule 5(b) of the Federal Rules of Civil Procedure and Rule 49(b) of the Federal Rules of Criminal Procedure do not permit electronic service of process for purposes of obtaining personal jurisdiction, i.e., Rule 4 Service. Therefore, service of process must be effected in the traditional manner.

5.2 Service of Electronically-filed Documents.

Whenever a pleading or other paper is filed electronically in accordance with these Administrative Procedures, the System shall generate a "Notice of Electronic Filing" to the Filing User and any other attorney who is a Filing User and has requested electronic notice in that case.²

If the recipient is a Filing User, the System's e-mailing of the "Notice of Electronic Filing" shall be the equivalent of service of the pleading or other paper by first class mail, postage prepaid.

² To determine whether another party is a Filing User, the filing party can select the System's "Utilities" category, and then click on "Mailing Information for a Case" on the pull-down menu. The filing party then enters the case number and the System information will appear, stating whether or not the filer must mail a copy of the documents or if the System will electronically generate a "Notice of Electronic Filing" to a particular party

5.3 Certificates of Service.

A certificate of service on all parties entitled to service or notice is still required when a party files a document electronically. The certificate must state the manner in which service or notice was accomplished on each party so entitled. A sample certificate of service is available on the Court's web page at www.nynd.uscourts.gov.

5.4 Service of Electronically-filed Documents upon non-Filing Users.

A party who is not a Filing User of the System is entitled to a paper copy of any electronically-filed pleading, document, or order. The Filing User must therefore provide the non-Filing User with the pleading or document according to the Federal Rules of Civil Procedure.

5.5 Time to Respond Under Electronic Service.

In accordance with Rule 6(e) of the Federal Rules of Civil Procedure and Rule 45 (c) of the Federal Rules of Criminal Procedure, service by electronic means is treated the same as service by mail for purposes of adding three days to the prescribed period to respond.

6. Signatures

6.1 Attorney Signatures

Documents filed under an attorney's login and password shall constitute that attorney's signature for purposes of the Local and Federal Rules of Civil and Criminal Procedure, including but not limited to Rule 11 of the Federal Rules of Civil Procedure.

A pleading or other document requiring an attorney's signature shall be signed in the following manner, whether filed electronically or submitted on disk or CD-ROM to the Clerk's Office: "s/ (attorney name)." The correct format for an attorney signature is as follows:

s/ Judith Attorney
Judith Attorney Bar Number: 12345
Attorney for (Plaintiff/Defendant)
ABC Law Firm
123 South Street
Albany, NY 12207
Telephone: (518) 555-1234
Fax: (518) 555-5678
E-mail: judith_attorney@law.com

6.2 Non-Attorney Signature.

If an original document requires the signature of a non-attorney, the Filing User may scan the original document containing the original signature(s), then electronically file

it on the System. Alternatively, the Filing User may convert the document into .pdf text format and submit the document using “s/” for the signature of the non-attorney.

Please note, the Filing User shall retain all documents containing original signatures of anyone other than the Filing User for a period of not less than sixty days after all dates for appellate review have expired. Should the authenticity of the document be questioned, the presiding judge may require the Filing User to produce the original document.

6.3 Multiple Signatures.

A document requiring signatures of more than one party must be filed electronically either by (1) submitting a scanned document containing all necessary signatures; (2) representing the consent of the other parties on the document; or (3) in any other manner that the Court approves.

6.4 Authenticity Disputes.

A non-filing signatory or party who disputes the authenticity of an electronically-filed document with a non-attorney signature or the authenticity of the signature on that document must file an objection to the document within ten days of receiving the Notice of Electronic Filing, or, if a non-Filing User, within ten days of receiving the document.

7. Fees Payable to the Clerk.

Any fee required for filing a pleading or paper in this Court is payable to the Clerk of the Court by credit card, check, money order, or cash. The Court will not maintain electronic billing or debit accounts for attorneys or law firms.

8. Orders.

The assigned judge or the Clerk’s Office shall electronically file all signed orders. Upon filing, the System will send a “Notice of Electronic Filing” to all Filing Users in that case. The Clerk’s Office will send a paper copy of the order along with the “Notice of Electronic Filing” to non-Filing Users in the case. Any order signed electronically has the same force and effect as if the judge had affixed the judge’s signature to a paper copy of the order and the order had been entered on the docket conventionally.

8.1 Text-Only Orders

The assigned judge or the Clerk’s Office, if appropriate, may grant routine orders by a text-only entry upon the docket. In such cases, no .pdf document will issue; the text-only entry shall constitute the Court’s only order on the matter. These text-only orders shall have the same force and effect as if the judge had affixed the judge’s signature to a paper copy of the order and the order had been entered on the docket conventionally. The System will generate a “Notice of Electronic Filing” as described in Section 1.5 of these Administrative Procedures. The Clerk’s Office will send a paper copy of the text-only order to non-Filing Users in the case.

8.2 Submitting a Proposed Order or Stipulation

A document that is submitted in .pdf format cannot be modified; therefore, a proposed order or stipulation must be in a word processing format. The chambers of the assigned judge may request that a proposed order and/or a stipulation be e-mailed to the courtroom deputy for the presiding judge in either **WordPerfect or Microsoft Word format**. Please attach your proposed order and/or stipulation to an Internet e-mail sent to the appropriate e-mail address as listed below:

Chief Judge Scullin	NYND_FJS_ECF_NOTICES@nynd.uscourts.gov
Judge Kahn	NYND_LEK_ECF_NOTICES@nynd.uscourts.gov
Judge Hurd	NYND_DNH_ECF_NOTICES@nynd.uscourts.gov
Judge Mordue	NYND_NAM_ECF_NOTICES@nynd.uscourts.gov
Judge Sharpe	NYND_GLS_ECF_NOTICES@nynd.uscourts.gov
Judge Munson	NYND_HGM_ECF_NOTICES@nynd.uscourts.gov

Mag. Judge Lowe	NYND_GHL_ECF_NOTICES@nynd.uscourts.gov
Prisoner Pro Se	NYND_ILU_ECF_NOTICES@nynd.uscourts.gov

9. Correcting Docket Entries.

Once a document is submitted and becomes part of the case docket (i.e., the Filing User receives a Notice of Electronic Filing), only the Clerk's Office can make corrections to that docket entry. In other words, the System will not permit the Filing User to make changes to the document(s) or docket entry filed in error once the transaction has been accepted. Please consult the Court's CM/ECF Users Manual for detailed instructions on correcting docket errors. (See www.nynd.uscourts.gov/cmecf/). A document incorrectly filed in a case may be the result of posting the wrong .pdf document to a docket entry or selecting the wrong document type from the menu or entering the wrong case number and not catching the error before the transaction is completed. **The Filing User should not attempt to refile the document.**

As soon as possible after an error is discovered, the Filing User should contact the Clerk's Office with the case number and document number for which it is requesting a correction. If appropriate, the Court will make an entry indicating that the document was filed in error. The Clerk's Office will notify the Filing User *if* the document needs to be refiled.

10. Technical Failures.

10.1 Technical Failure of the System.

The Clerk's Office shall deem the Court's CM/ECF site to be subject to a technical failure on a given day if the site is unable to accept filings continuously or intermittently over the course of any period of time greater than one hour after 10:00 a.m. that day. Known systems outages will be posted on the Court's web page, if possible.

If the Court's CM/ECF site experiences a technical failure, a Filing User may submit documents to the Court that day in an alternate manner provided that the documents are accompanied by the Filing User's affidavit stating that the Filing User attempted to file electronically at least two times in one hour increments after 10:00 a.m. that day. The following methods are acceptable alternate means for filing documents in case of a technical failure:

- A) via electronic mail in a PDF attachment sent to the e-mail address for technical failures (See www.nynd.uscourts.gov/cmecf/); or
- B) in person, by bringing the document to the Clerk's Office on paper accompanied by a 3.5" disk or CD-ROM that contains the document in .pdf format.

A Filing User, whose filing is untimely as the result of a technical failure of the Court's CM/ECF site, may seek appropriate relief from the Court. However, Filing Users are cautioned that, in some circumstances, the Court lacks the authority to grant an extension of time to file (e.g., Rule 6(b) of the Federal Rules of Civil Procedure).

10.2 Technical Failure of the Filing User's System.

Problems with the Filing User's system, such as phone line problems, problems with the Filing User's Internet Service Provider ("ISP"), or hardware or software problems, will not constitute a technical failure under these Administrative Procedures nor excuse an untimely filing. A Filing User who cannot file documents electronically because of a problem on the Filing User's system must file the documents conventionally along with an affidavit explaining the reason for not filing the documents electronically.

11. Public Access and Privacy Concerns.

11.1 Social Security Case Information.

The public may retrieve information from the System at the Court's Internet site by obtaining a PACER login and password. See Section 13.2 for more information regarding PACER. In accordance with the policy of the Judicial Conference, social security cases are not available for public view over the Internet. Although docket

sheets will be available to the Public via PACER, only counsel in the case may view documents which have been filed electronically.

11.2 Sensitive Information

As the public may access certain case information over the Internet through the Court's Internet site, sensitive information should not be included in any document filed with the Court unless such inclusion is necessary and relevant to the case. Parties shall refrain from including, or shall redact where inclusion is necessary, the following personal identifiers from all pleadings filed with the Court, including exhibits thereto, whether filed electronically or in paper form, unless the Court orders otherwise.

1. **Social security numbers.** If an individual's social security number must be included in a document, use only the last four digits of that number.
2. **Names of minor children.** If the involvement of a minor child must be mentioned, use only the initials of that child.
3. **Dates of birth.** If an individual's date of birth must be included in a document, use only the year.
4. **Financial account numbers.** If financial account numbers are relevant, use only the last four digits of those numbers.
5. **Home Addresses.** If a home address must be used, use only the City and State.

In addition, caution shall be exercised when filing documents that contain the following:

- 1) personal identifying number, such as a driver's license number;
- 2) medical records, treatment and diagnosis;
- 3) employment history;
- 4) individual financial information; and
- 5) proprietary or trade secret information.

Counsel is strongly urged to discuss this issue with all their clients so that an informed decision about the inclusion of certain information may be made. The responsibility for redacting these personal identifiers **rests solely with counsel and the parties**. The Clerk will not review each pleading for compliance with this Rule. Counsel and the parties are cautioned that failure to redact these personal identifiers may subject them to the Court's full disciplinary power.

11.3 Filing Under the E-Government Act of 2002

In compliance with the E-Government Act of 2002, a party wishing to file a document containing the personal data identifiers listed above may

- a. file an unredacted version of the document under seal, or
- b. file a reference list under seal. The reference list shall contain the complete personal data identifier(s) and the redacted identifier(s) used in its (their) place in the filing. All references in the case to the redacted identifiers included in the reference list will be construed to refer to the corresponding complete personal data identifier. The reference list must be filed under seal and may be amended as of

right. Please refer to section 12.2 of this Order for the proper procedure for filing a document under seal.

12. Documents that will continue to be traditionally filed.

12.1 Pro se filers

Pro se filers shall file paper originals of all complaints, pleadings, motions, affidavits, briefs, and other documents which must be signed or which require either verification or an unsworn declaration under any rule or statute. The Clerk's Office will scan these original documents into an electronic file in the System but will also maintain a paper file.

Pro se filers may also provide the Court with a 3.5" disk or CD-ROM containing their documents as either .pdf text documents or .pdf scanned documents.

12.2 Sealed Documents, Sealed Cases, Documents Presented for In Camera Review, and Documents Lodged with the Court.

If a party wishes to file one of the above listed documents, the party must file a motion or application to achieve the desired action. The motion or application, along with the documents the party is requesting to be sealed or lodged with the Court, shall be filed in a traditional manner in a sealed envelope marked "sealed." Unless the motion is being filed ex parte, the filing party shall conventionally serve all parties with the papers being filed with the Court.

If the Court grants the motion or application, the assigned judge will enter electronically the order authorizing the filing of the documents in the appropriate manner (e.g., under seal, lodged with the Court). The Clerk's Office will then file the documents in the appropriate manner.

If the Court denies the motion or application, the Court will issue an order that directs the parties to file the documents electronically.

13. Public Access to the System Docket.

13.1 Public Access at the Court

Electronic access to the electronic docket and documents filed in the System is available for viewing to the public at no charge at the Clerk's Office during regular business hours. A copy fee for an electronic reproduction is required in accordance with 28 U.S.C. § 1930.

13.2 Internet Access.

Remote electronic access to the System for viewing purposes is limited to subscribers to the Public Access to Court Electronic Records (“PACER”) system. The Judicial Conference of the United States has ruled that a user fee will be charged for remotely accessing certain detailed case information, such as filed documents and docket sheets in civil cases.³ Application forms and information on PACER can be found on the Court’s web page at www.nynd.uscourts.gov

13.3 Conventional Copies and Certified Copies.

Conventional copies and certified copies of electronically filed documents may be purchased at the Clerk’s Office. The fee for copying and certifying will be in accordance with 28 U.S.C. § 1914.

³ According to a memorandum from the Administrative Office of the United States Courts dated October 21, 2004, non-judiciary CM/ECF users will be charged a fee of eight cents per page beginning January 1, 2005, to access electronic data such as docket sheets and case documents obtained remotely through the PACER system. A cap of thirty pages per document has been approved. The access fee does not apply to official recipients of electronic documents, i.e., parties legally required to receive service or to whom the Filing User has directed service in the context of service under the Federal Rules of Civil Procedure. Filing Users will receive the initial electronic copy of a document free to download as they see fit, but if they remotely access the document again, they will be charged eight cents per page.
